Hi I'm Judy and I have been at the Khandallah Y as a Senior Leader since April 2019 and became Centre manager in February 2020. I spent the early years of my working life in administration, accounts and HR. Upon becoming a parent I was actively involved in school parent help, home and school committees and I hold a Teacher's Aide Certificate from the Open Polytechnic. More recently I have worked at the local college in their sport's department and the Principal's office. My husband Chris and I have two children, a son in his early 20's and a daughter in her late teens. Our family is completed by a young labradoodle which is trained as a therapy dog. My interests include swimming, walking, jogging, golf, gardening, sewing and reading. We enjoy the outdoors and spend most of our holiday time at Lake Taupo. I am looking forward to my new role as the Centre Manager for the Y at Khandallah School, particularly building positive relationships with the children, staff and caregivers.

At the Y here in Khandallah we are child centred. We focus on the Y values of Respect, Responsibility, Honesty and Caring. We like to provide leadership opportunities for the children of all ages. We provide a fun and energetic programme encouraging physical activity outdoors through free play as well as a structured activity programme that includes baking, art and craft, dance, lego and block building as well as science experiments. The staff at Khandallah are friendly and team focused. We believe it is important to interact with the children by listening, encouraging and being interested in what they are doing. At the same time we are very conscious of the health, safety and well being of the children in our care. We enjoy interacting with the Khandallah School teaching staff ensuring an easy transition from the school day to our OSCAR care. It is important to us that we build relationships with caregivers and would welcome any feedback and suggestions.
