Hi, my name is Tracey Smith. I have lived in Titahi Bay for most of my life. I am from Karori and moved to 'The Bay' to start my family. All of my 3 children attended Titahi Bay school and loved it! I have always worked with children apart from a 5 year retail position at a pet shop. So apart from family my passion is children, animals, arts and crafts. I love to spend any spare time swimming and with my gorgeous grandchildren.

At Titahi Bay school we run a before and after school care. We have a growing roll with staff to match. The majority of our staff live in, or have a connection to Titahi Bay. We have a strong emphasis on keeping children active. We are lucky to have wonderful school grounds which means on fine days children are keen to get outdoors and play. We even have a bike track so bikes are very popular. Partly due to the school's annual triathlon.

There is always some arts and crafts, board games, play dough and lego etc for the quieter times. We are working closely with the school to try to create a cohesive program in line with the school's values. It is a tight knit community with some teachers teaching two generations of the same family. It is a pleasure to be working in the community I live in and have such strong ties to.

**Before School Care 7.30am to 8.30am \$3.**

**After School Care 2.45pm to 6pm \$6.**

**Contact us for more info or register online here.**
